

PTO MINUTES:

4-7-14

Called to order 6:33pm

Parent mentioned concern about staff members not coming to meetings. Do they not support the PTO? In the past at least one staff member was at every meeting. That has not been the case this year at all. Parents would like to see staff involved with PTO (the T part of PTO).

Talked about McDonalds fundraiser: Made \$1300 was a great turnout!

Art Show: Thursday 17th Check with your child's teacher if they need help setting up and tearing down for their specific classes.

Bingo Night: Great turnout! Best one yet. 2 years ago we made \$360, last year we made \$227, and this year we made \$600+! Amazing!

Penguin Patch update: cashed in our points for two Kindle's to use for raffle at the carnival!

School Supply Program: Is it worth it? Prices are \$25-\$30 for a kit. Plus \$12 if we want them to include 2 reams of paper. Have to do it in the Spring, are parents willing and ready to pay that in the Spring? Still cheaper to buy with back to school sales. The consensus at this meeting from parents was, no not interested.

Carnival: "Pandaversary" (Panda-anniversary)

Pepsi Donations? Possible contact for soda donations

Action Rent-All? Contact for rental equipment

Photo Booth- reserved and scheduled to be here! With props! We will sell Photo Booth tickets for \$1.00 a piece.

Dutch Bros- Lauri filled out their form for donations, waiting to hear

Carl's Jr.- no other main food vendors, but they will do Hamburgers & Hot dogs. They are prepared for large crowds and can handle it. We are good to go for reserving them.

Juggling Brothers- Lauri is waiting to hear from them.

Balloon Artist- put out on Facebook to see if a parent is willing to do balloon animals.

Sno-Cones- local couple, the Feist's, run a sno-cone business. They charge nothing to be there and then donate back 25% of profit to the school. Decided on \$1.00 price point for small son cones. They are reserved.

Keep voting with Kendall Auto for our school.

Reader Board update - it is a go we have the money and just waiting on install date and ok from city council.
